RE: RIVERSIDE MANOR REWRITE
SANDERS COUNTY
E.Q. #97-1146A

Dear Sir:

The plans and supplemental information relating to the water supply, sewage, solid waste disposal facilities, and storm drainage (if any) for the above-referenced division of land have been reviewed as required by Section 76-4-101 through 76-4-131, MCA and have been found to be in compliance with those acts.

Two copies of the Certificate of Subdivision Plat Approval are enclosed. The original is to be filed with the Plat at the office of the county clerk and recorder. The duplicate is for your personal records.

Your copy is to inform you of the conditions of the approval (Please note that you have specific responsibilities according to the plat approval statement, primarily with regard to informing any new owner as to inherent limitations which have been imposed). Since this property is in SANDERS County, the SANDERS County Health Department must be contacted before any water supply or sewage systems are installed or modified.

Please be further informed as per 76-4-122 (2) (a) MCA, a county clerk may not accept a subdivision plat or Certificate of Survey for filing until the Department of Environmental Quality has received approval from the local health official.

If you have any questions, please contact this office.

Sincerely,

Dennis McKenna, Program Manager
